BCIT Enrolments by School

Enrolment data on this page represents an unduplicated headcount of student activity at the level being reported. The possibility of cross-activity, for instance the same student taking a full-time program in the School of Health Sciences and then a part-time course under the School of Computing all in the same year, means the enrolment counts are not additive.

Note: 1. Enrolments not assigned to a school will not be reported. 2. Enrolment data has been regrouped to align with institutional reporting definitions. 3. The Facts and Figures reporting underwent significant transformation this year (2023); all information underwent QA testing to ensure validity. Source: Student Information System (Banner)
